MISBHA TAJ

B.E. – Computer Science and Engineering (Data Science)
3rd Semester

Ballari, Karnataka, India
8217286414 misbhataj180@gmail.com

Career Objective

Motivated and enthusiastic Computer Science and Engineering (Data Science) student currently pursuing 3rd semester. Interested in programming, data science, artificial intelligence, and emerging technologies. Seeking opportunities to improve technical skills, gain practical experience, and contribute to real-world projects.

Education

Bachelor of Engineering (B.E.) – Computer Science and Engineering (Data Science) 3rd Semester
BITM
, [BITM]
Ballari, Karnataka
Expected Graduation: [2029]

Pre-University Course (PUC) / 12th Standard
IDPS
[2025]

SSLC / 10th Standard
PUPIL TREE
[2023]

Technical Skills

- **Programming Languages:** C, Python
- **Data Structures:** Arrays, Searching, Sorting
- **Database:** Basic SQL
- **Web Technologies:** HTML, CSS
- **Tools:** GitHub, Visual Studio Code
- **Concepts:** Data Science and Artificial Intelligence
- **Embedded Systems:** Arduino and basic microcontroller concepts

Projects

Automatic ATM System Using Arduino

- Developed a prototype of an automatic ATM system using Arduino.
- Used components such as a 4x4 keypad, servo motor, display, and other electronic components.
- Designed the system to demonstrate basic ATM operations.

Rain Detector Based Automatic Clothes Collector

- Developed a concept for automatically collecting clothes when rain is detected.
- Used a rain sensor to detect rainfall and trigger the automatic clothes-collecting mechanism.

Smart Helmet

- Designed a smart helmet concept to improve rider safety.
- The system is designed to prevent the bike from starting when the helmet is not worn.

Programming Knowledge

C Programming: Variables, data types, operators, conditional statements, loops, functions, arrays, strings, pointers, structures, searching, and sorting.

Python: Variables, data types, lists, tuples, dictionaries, functions, file handling, exception handling, NumPy basics, and object-oriented programming basics.

Soft Skills

- Problem Solving
- Communication

- Teamwork
- Time Management
- Quick Learning
- Adaptability

Areas of Interest

Data Science, Artificial Intelligence, Machine Learning, Programming, Software Development, and Embedded Systems.

Activities

- Participated in technical and hackathon activities.
- Worked on academic mini-projects.
- Practiced C and Python programming.

Personal Details

Name	Misbha Taj
Course	B.E. – CSE (Data Science)
Semester	3rd Semester
Location	Ballari, Karnataka, India
Languages Known	English, Hindi, Kannada, Urdu
Nationality	Indian

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge.

Place: Ballari, Karnataka **Misbha Taj**
Date: _____
